

Safety Committee Meeting

June 1, 2015

Members present: Andy Madura, Sherrie Small, Russell Moores, Kathy Wentworth, Ted Bridge-Koenigsberg, Dana McConkey, and Troy Bell.

Others present: Beth Stowell, MEMIC, Eric Botka, Culinary Arts Instructor

Agenda:

1) Welcome/Member Check In -

Russell spoke about traffic flow by old transportation building. A class was held here and Oxford Hills people were here and spoke very highly of our grounds.

Beth Stowell did a walkaround with Andy in the kitchen areas. Ergonomics, #10 cans and big trash barrels were the bigger issues. Impressed with our Culinary Arts and Diversified Occupations programs. Beth has the loss summary but not to pass out today. Last year there were 28 incidents, 21 so far this year. 12 of the 21 incidents were people who have been here more than 10 years.

Eric Botka asked if it was okay to have HS nurse look at kids who get hurt while working at a local restaurant and if it would hurt the school insurance.. No...

2) Review Monthly Student/Staff Injury Data - Reviewed and discussed the two big injuries, one staff and one student.

3) Monthly Safety Contest Drawing -

LRVC - Ryan Adams, Robert Kobell -

SPED - Dana McConkey, Maureen Quinn - asked for help moving heavy objects

Adult Ed - Lynn Harrison, Brian Clark - using a ladder

LRMS - Elizabeth Marx, Leah Heyman - helped with heavy objects

SES - Carolyn Skarbinski, Judith Mulligan - helped move a heavy speaker

SBES -

LRHS -

SLS - Noreen Casey, Rita Dolloff - using a step stool

Transportation - Line Mulcahy, Mary Cleveland - using ladder to get something high up.

CO - Nancy Irish, Julie Ridlon - closed a file drawer

Since we are missing 2 locations at the time of the meeting so Andy suggested picking the grand prize winners in August to keep it a surprise for when we

4) Review/Discuss Safety Contest for next year - Beth suggested that maybe we could recognize a department that makes improvements from one year to the next. The Committee could get together in August to look at data and come up with information for opening day. Having a picture of an employee doing something wrong/right on the poster, makes it real.

5) Safety Day - Ideas, thoughts - Andy was at a meeting and was made aware of a "distracted driver" simulation. Having a safety day when kids can look at different safety items.

6) Other - Andy will look at a date in August for the Committee to get together.

The LRVC is putting together a 10 hour safety course for all Vocational Staff to get certified on June 18th and 19th. Shawn McDermott will be doing the class. Beth has offered materials for the class.

Adjourned at 3:55 p.m.

Next Meeting,
